# SNAP LOCK Clip Series STANDING SEAM METAL PANEL SYSTEMS

## SLEEK MODERN LOOKS & POWERFUL PERFORMANCE

Combining bold standing seam lines and ease of installation, a Snap Lock Clip system delivers enhanced thermal movement and wind resistance. Concealed metal clips snap together with panels to form an interlocking seam that holds them in place - no mechanical seaming required!

## PRODUCT ATTRIBUTES

- ✓ Hidden fasteners and clips
- ✓ Allows for thermal movement
- ✓ Excellent wind uplift resistance
- ✓ Lock-action design requires no mechanical seaming
- ✓ Unlimited panel lengths with on-site panel manufacturing
- ✓ Available in steel and aluminum in 50+ colors (*copper & zinc optional*)
- ✓ Striated\*, ribbon bead or pencil bead
- ✓ Finish warranties† up to 50 years / Metal warranties† up to 25-1/2 years
